

Form simple past tense by adding ed. Write expanded noun phrases. Using the conjunctions 'and' and 'but' and 'that'. Use adventurous vocabulary appropriate to task. Reread to check writing makes sense. Write in first person. Appropriately sequence ideas.	Use exclamation marks. Introduce adverbs. Move from generic to specific nouns. Alliteration. Read with expression. Use time conjunctions.	Use questions. Use a range of sentence starters. Use the conjunctions if, so and because. Prepositional phrases. Form comparatives and superlatives by adding 'er' and 'est'. Select relevant content to show awareness of purpose and audience.	Use similies. Revisit first person and past tense. Use emotive language. Write about real events. Onomatopoeia.	Commas in a list. Apostrophes appropriate to purpose (contractions and possession). Conjunction or and when. Use sentences in different forms. Questions.	Apostrophes appropriate to purpose (contractions and possession). Add suffixes to spell longer words 'ment' and 'ness'. Use sentences in different forms.

Place Value Addition and Subtraction	Shape	Money Multiplication and Division	Length and Height Mass, Capacity and Temperature	Fractions Time	Statistics Position and Direction
Skills	Skills	Skills	Skills	Skills	Skills
Count in steps of 2, 3, and 5 from 0, and in tens from any number, forward and backward. Recognise the place value of each digit in a two-digit number (tens, ones). Identify, represent and estimate numbers using different representations, including the number line - compare and order numbers from 0 up to 100; use and = signs. Read and write numbers to at least 100 in numerals and in words. Use place value and number facts to solve problems. Solve problems with addition and subtraction. Use concrete objects and pictorial representations, including those involving numbers, quantities and measures. Applying their increasing knowledge of mental and written methods. Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100. Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: <ul style="list-style-type: none"> ▪ a two-digit number and ones ▪ a two-digit number and tens ▪ two two-digit numbers ▪ adding three one-digit numbers Show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot. Recognise and use the inverse	Identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line. Identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces Identify 2-D shapes on the surface of 3-D shapes, (for example, a circle on a cylinder and a triangle on a pyramid). Compare and sort common 2-D and 3-D shapes and everyday objects.	Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value. Find different combinations of coins that equal the same amounts of money. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change. Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers. Calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (\times), division (\div) and equals (=) signs. Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot. Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts.	Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); using rulers. Compare and order lengths and record the results using $>$, $<$ and $=$. Choose and use appropriate standard units to estimate and measure mass (kg/g); temperature ($^{\circ}\text{C}$); capacity (litres/ml) to the nearest appropriate unit, using scales, thermometers and measuring vessels. Compare and order mass, volume/capacity and record the results using $>$, $<$ and $=$.	Recognise, find, name and write fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantity. Write simple fractions for example, $\frac{1}{2}$ of $6 = 3$ and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$. Tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these times. Know the number of minutes in an hour and the number of hours in a day.	Interpret and construct simple pictograms, tally charts, block diagrams and simple tables - ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity. Ask and answer questions about totalling and comparing categorical data. Order and arrange combinations of mathematical objects in patterns and sequences. Use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise).

relationship between addition and subtraction and use this to check calculations and solve missing number problems.

Uses of Everyday Materials		Plants Animals including Humans	Uses of Everyday Materials	Living Things and their Habitats	
Skills	Skills	Skills	Skills	Skills	Skills
Identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper, and cardboard for particular uses. Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting, and stretching.		Observe and describe how seeds and bulbs grow into mature plants. Find out and describe how plants need water, light and a suitable temperature to grow and stay healthy. Notice that animals, including humans, have offspring which grow into adults. Find out about and describe the basic needs of animals, including humans, for survival (water, food, and air). Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.	Identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper, and cardboard for particular uses. Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting, and stretching.	Explore and compare the differences between things that are living, dead, and things that have never been alive. Identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other. Identify and name a variety of plants and animals in their habitats, including microhabitats. Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.

Formal Elements of Art Self Portraits Nature	Nature Animals	Landscapes Composition Famous artists	Patterns	Formal elements of art Principles of design	Habitats
Skills	Skills	Skills	Skills	Skills	Skills
Create a painting with depth, to include a foreground, middle ground and background. Use non-traditional tools to paint, sponge, fork, rollers, daubers etc. Identify the work of Claude Monet and Henri Matisse. Cross curricular; Math – proportion (thirds). History- centuries.	Be able to use the colour wheel to choose two complimentary colours for the flower paintings and use the correct vocabulary to describe these choices. Add details to paintings with oil pastels to create texture. Identify the work of Van Gogh and Georgia O’Keefe and be familiar with an Art auction/price of famous masterpieces.	Design a cupcake ceramic decoration using labels and colour. Use fine motor skills to manipulate clay using tools and create a cupcake in the style of Wayne Thiebaud. Create an ice-cream stack piece of art using oil pastels in the style of Wayne Thiebaud.	Carve Styrofoam to prepare a plate for printmaking. Make a colourful repeated pattern in the style of Andy Warhol. Use the colour wheel to choose complimentary colours to make the prints contrast and ‘pop’.	Draw and paint a bird using acrylic paint. Control the amount of acrylic on the brush for large areas like the background and smaller areas like the body. Understand how to use the formal elements of art such as form and shape to draw an object. Cross-curricular; math, shapes. Habitats topic.	Control Posca markers to draw a nighttime habitat for a hedgehog. Collage a tiger in a jungle scene in the style of Henri Rousseau. Create depth in artwork through overlapping and creating a background, middle ground and foreground. Cross-curricular; math, shapes. Habitats topic.

Exploring Sounds	Exploring Duration	Exploring Pulse and Rhythm	Exploring Pitch	Exploring Instruments and Symbols	Exploring Timbre, Tempo and Dynamics
Skills	Skills	Skills	Skills	Skills	Skills
Explore vocal sounds we use to express feelings. Add vocal and instrumental sounds to a poem performance. Add vocal sounds and body percussion to a song. Take turns to express meaning without words. Draw a new cats’ conversation and show how the voices move higher and lower in pitch and are long and short in length. Match sounds to mood. Perform a call and response song, expressing mood with voices.	Recognise and feel the pulse/beat in music. Recognise changes in the speed of the pulse. Identify rhythm as the pattern of words. Tap the rhythm of phrases of a song. Copy and identify crotchet and quaver rhythms and rhythm names ta and ti ti. Improvise and compose 4 beat rhythm patterns. Notate crotchet and quaver rhythms using stick notation. Compose winter-themed rhythms, e.g. using snow and reindeer.	Move to the pulse/beat and perform a steady pulse. Compare the speed of the pulse Distinguish between pulse and rhythm. Compose and notate 4 beat rhythm patterns using words and stick notation. Recognise a rest beat in a phrase. Begin to combine pulse and rhythm. Copy and identify crotchet and quaver rhythms (ta and ti ti).	Perform actions in time to the beat in a piece of music. Identify and copy changes in the pitch of animal sounds using voices. Demonstrate changes of pitch in body movements. Learn to sing Nosy dog. Follow a pitch line using hands then voices. Invent sounds using voices and tuned percussion to depict pictures. Create pitch lines to represent a dog travelling in different transport.	Identify two percussion instruments played at the same time by their sound. Consider how the music reflects the action in The Nutcracker ballet. Perform music depicting the Nutcracker storyboard. Listen to Spooky Spinney and join in using voices expressively. Create a spooky scene and discuss ideas in preparation for composition. Perform vocal sounds from the spooky scene. Listen to Night on the bare mountain and discuss how the orchestra creates the scary mood. Explore instrument sounds to describe the characters and objects in your spooky scene. Combine vocal and percussion sounds to perform your spooky scene.	Differentiate between loud and quiet sounds. Choose, control and change the dynamics when playing e.g. louder/quieter. Choose appropriate dynamics for songs and accompaniment. Differentiate between fast and slow. Control changes in tempo: faster/slower. Use a range of changes in tempo both gradually and suddenly.

Dodgeball Gymnastics	Basketball Athletics	Handball Football	Cricket/Rounders Tag Rugby	Netball Tennis	Dance Gymnastics
Skills	Skills	Skills	Skills	Skills	Skills
<p>Dodgeball Develop movement skills relevant to games i.e. dodging. (<i>dodgeball</i>) Develop catching and striking skills. Pass/send a ball, with increasing control, at different speeds – fast/slow. Engage in competitive physical games, employing simple tactics. (<i>dodgeball</i>) Develop problem solving and decision-making strategies. Explore different ways of moving, changing speed and direction fluently. Push/roll/putt a ball towards a target with control. Develop technique when using the golf putter, becoming increasingly accurate.</p> <p>Gymnastics Perform a range of actions with control and confidence. Explore, remember, and repeat a range of gymnastic actions with control, precision, and coordination. Form simple sequences of different actions, using the floor and a variety of apparatus. Develop fundamental movement skills, combining travelling, balancing and stiffness using both floor and apparatus; and moving smoothly from one position of stiffness to another. Continue to develop agility, balance, and coordination.</p>	<p>Basketball Throw and catch the ball with increasing control, and throw the ball in different ways e.g. fast, slow, high, low (mastering basic throwing technique). Show good awareness of others when playing games. Participate in team games. Pass a ball with control. Show control when moving, changing speed and direction, both with and without a ball. Develop fundamental movement skills, becoming increasingly confident and competent. Perform a variety of skills keeping the ball under control. Perform a range of actions with control of the ball, including throwing, catching, gathering, keeping possession, and throwing in different ways (fast, slow, high, low). Know and show how to defend between ball and target. Decide when and where to run, showing good awareness of surroundings. Pass a ball with control and increasing accuracy and consistency. Move fluently, changing direction and speed – with and without a ball. Choose and use simple tactics to suit different situations in small sided games. React to situations in ways that make it difficult for opponents. Develop control and accuracy when throwing and catching a ball. Successfully beat a defender.</p> <p>Athletics Explore and practice a variety of athletic movements and apply athletic skills and techniques to a variety of activities. Develop coordination and balance whilst exploring different running, jumping, and throwing techniques. Begin to show control, coordination, and consistency when running at speed. Develop a range of jumping techniques. Develop the underarm and pull throw technique.</p>	<p>Handball Football Throw and catch the ball with increasing control, and throw the ball in different ways e.g. fast, slow, high, low (mastering basic throwing technique). Show good awareness of others when playing games. Participate in team games. Pass a ball with control. Show control when moving, changing speed and direction, both with and without a ball. Develop fundamental movement skills, becoming increasingly confident and competent. Perform a variety of skills keeping the ball under control. Perform a range of actions with control of the ball, including throwing, catching, gathering, keeping possession, and throwing in different ways (fast, slow, high, low). Know and show how to defend between ball and target. Decide when and where to run, showing good awareness of surroundings. Pass a ball with control and increasing accuracy and consistency. Move fluently, changing direction and speed – with and without a ball. Choose and use simple tactics to suit different situations in small sided games. React to situations in ways that make it difficult for opponents. Develop control and accuracy when throwing and catching a ball. Successfully beat a defender.</p>	<p>Cricket/Rounders Move fluently, changing direction and speed. Show basic control of the ball, including when striking a ball. Successfully receive (catch/stop) a ball, understanding the concept of moving to get in line with the ball to receive it. Understand and follow simple rules for games and compete in physical activities both against self and against others. Apply skills and tactics in simple games, including recognizing space and using it to your advantage.</p> <p>Tag Rugby Throw and catch the ball with increasing control, and throw the ball in different ways e.g. fast, slow, high, low (mastering basic throwing technique). Show good awareness of others when playing games. Participate in team games. Pass a ball with control. Show control when moving, changing speed and direction, both with and without a ball. Develop fundamental movement skills, becoming increasingly confident and competent. Perform a variety of skills keeping the ball under control. Perform a range of actions with control of the ball, including throwing, catching, gathering, keeping possession, and throwing in different ways (fast, slow, high, low). Know and show how to defend between ball and target. Decide when and where to run, showing good awareness of surroundings. Pass a ball with control and increasing accuracy and consistency. Move fluently, changing direction and speed – with and without a ball. Choose and use simple tactics to suit different situations in small sided games. React to situations in ways that make it difficult for opponents. Develop control and accuracy when throwing and catching a ball. Successfully beat a defender. Begin tagging players in game situations. (<i>tag rugby</i>)</p>	<p>Netball Throw and catch the ball with increasing control, and throw the ball in different ways e.g. fast, slow, high, low (mastering basic throwing technique). Show good awareness of others when playing games and participate. Participate in team games. Pass a ball with control. Show control when moving, changing speed and direction, both with and without a ball. Develop fundamental movement skills, becoming increasingly confident and competent. Perform a variety of skills keeping the ball under control. Perform a range of actions with control of the ball, including throwing, catching, gathering, keeping possession, and throwing in different ways (fast, slow, high, low).
